REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The Examiner notes that EP'470 essentially only discloses pressure sensitive adhesive applications in the medical field and therefore to combine it with applicants' admissions relating to the semiconductor wafer processing art which only briefly mentions pressure sensitive adhesives would require a great amount of hindsight. Additionally, neither "reference" is particularly directed to the presence or absence of a desired amount of low Molecular Weight adhesive components. The Examiner would further like to note that support for newly presented claim 7 can be found in, e.g. the original claims ,page 4, lines 20-27 and Reference Examples 5 and 6 on pages 18 and 19 of the specification, and also note applicants' Brief at page 6, paragraphs 1 and 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on StateMAny inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Zirker whose telephone number is 571-272-1486. The examiner can normally be reached on 5-4-8:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Terrel Morris can be reached on 571-272-1478. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
